**RESPONSE TO NOTICE TO COMPLY**

Commissioner for Patents  
Washington, D.C. 20231

Sir:

Enclosed is a copy of the Notice to Comply with Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence, along with the following required items in connection with the above-referenced application: Copy of the sequence listing in computer readable format (CRF) and statement Under 37 C.F.R. §§ 1.821 through 1.825 (2 pages). This document is being filed within two (2) months from the mailing date of the Notice to Comply.

Serial No.: 10/004,219

Please note that the date inserted after the heading "Current Filing Date" was modified. As initially submitted, the Current Filing Date stated November 2, 2001, the filing date of the present application. The date was modified in the Error Report to state June 3, 2002, the date that the Sequence Listing was submitted. It is Applicants' belief that the date which is required following the "Current Filing Date" heading is the date on which the application was filed, not that on which the Sequence Listing was submitted. As such, Applicants have maintained the date following this heading as November 2, 2001. If this belief is in error, please so inform the undersigned.

If any questions remain regarding this matter, please contact the undersigned at the address or telephone number given herein.

Respectfully submitted,
